

Prokon is a unique, leading developer – an energy cooperative – to create a clean energy. Our motivation is to drive the change of our energy system forward day-to-day – together. Doing so we live our values: Responsibility and an equal community. We have been engaged in the sector of renewable energies since 1995. Today, we are the largest energy cooperative in Germany with almost 40.000 members. Our core competencies cover the development, planning and construction of onshore wind farms as well as their technological and commercial operations management. Beyond that, we provide private households all across Germany with electricity.

Prokon Wind Energy Finland Oy formed in Vaasa in 2011, belongs to the Prokon-group. The company employs 8 persons in Vaasa. We are looking for a

## Project Assistant (m/f/d) to Vaasa / Finland

### Your tasks & requirements

#### Your tasks

- As a Project Assistant, you have a key role in taking a wind farm from idea to reality.
- You have a co-ordinating position and support our Project Managers in the project development.
- In addition, we expect you to assist our Controller in the company's financial management.
- Your location is Vaasa / Finland.

#### Your knowledge and skills

- In addition to a genuine interest, we appreciate previous work experience from land use planning or financial management.
- Your education is probably technical, for example in land surveying.
- We also welcome candidates with an economic background.
- Experience of using GIS programs and / or AutoCAD is a strong merit.
- Good oral knowledge of Finnish and Swedish is important for success in the role.
- Because the company's internal language is English, your ability to communicate in English is an advantage.
- We expect you to be well-ordered and thorough.
- You are a down to earth person and a real team player, who also can act independently, if the situation so requires.

### How to apply

Are you interested in the advertised position which allows you to work highly independently and self-reliantly? Please send a freely formulated application titled „**Project Assistant Finland**“ with salary claims and earliest possible start date to [jobs@prokon.net](mailto:jobs@prokon.net). Last application date: 1.3.2021.
